ANNUAL REPORT

of the

TOWN OF HOLDERNESS

NEW HAMPSHIRE

On The Beautiful Squam Lakes

1761-1962

This year our cover honors one of the town's senior citizens; a lifelong resident who has held town offices for many years and has shown an active interest in its affairs for more years than many of us can remember.

Shown with a few of his sheep is Walter L. Greenleaf, more fondly thought of by some as "Uncle Walt".

Office of Selectmen
Holderness, N. H.

Dear Sirs:

The following is a report of the activities conducted for the benefit of the residents of Holderness for the year 1962. Please have included in your town report.

Arrangements were made, in the summer, by the Plymouth Medical Association for Sabin Polio Vaccine clinics to be held in Plymouth for residents of Plymouth and surrounding towns. A good number of children and adults attended these Sabin clinics either in Plymouth or Ashland. A total of 24 preschool age children completed three types of the vaccine - 23 more had one or more Types. The records of preschool children have been turned over to the family physician designated on the cards signed at clinics. Parents should consult their family physician if the 3 types of Sabin vaccine have not been received.

In January the State Public Health Nurse gave a talk on Tuberculosis to the P. T. A. with 15 in attendance.

Several school children are attending chest x-ray clinics at Plymouth in the spring and fall as a result of the Sterneedle Tuberculin program held in the schools in 1961. These clinics are conducted by the N. H. Tuberculosis & Health Association and the N. H. Division of Public Health. X-ray reports are sent to the School nurse and patients involved with recommendations for follow-up.

Home visits have been made in the town on babies, preschool children, arranging for clinic services and follow-up. Assistance has been obtained for eye testing and glasses through the N. H. Sight Conservation Program. Other arrangements have been made for children to attend clinics, speech therapy classes and others as necessary.

Respectfully submitted,

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Holderness:

I respectfully submit my eighth annual report as Superintendent of Schools.

STAFF:

This is the third year that there have been no changes in the teaching staff, and as a result the teachers have been able to continue with improvements in the overall program based on experience of the previous year.

The Staff is to be complimented for the interest and effort shown in the classrooms and also in the extra curricula activities such as the musical programs, assemblies, socials, sports and hockey rink.

ADDITIONS AND IMPROVEMENTS:

During the fall a master TV antenna installation was made so that the educational television programs from Channel 11, WENH-TV at the University of New Hampshire may be viewed in the rooms. At the present time programs in music, art, science and N. H. history are being viewed by different grades. One-half of the cost of the installation was reimbursed under the National Defense Education Act.

The basketball backboards were installed last year and this year the court was laid out on the gym floor. The Boys and Girls are having a very enjoyable time playing games with neighboring schools.

A fire alarm warning system and an emergency light were installed in accordance with the recommendation of the Office of the State Fire Marshal.

A program clock to regulate the classroom bells and outside bells was also installed to make scheduling more efficient.

REGIONAL SCHOOL STUDY:

The committee on a proposed Regional High School reported their findings and a Special School District Meeting was held on June 28, 1962 at which time the vote was in the negative 103 to 34. The Districts that participated in the study were Ashland, Plymouth, Holderness, Wentworth, Warren, Rumney, Thornton and Campton.

It appeared that more of the smaller districts were interested in only the Grade 9-12 set up and not the Grade 7-12 as proposed.

At the present time there is new legislation pertaining to Regional or Area Schools, and plans are being made to pursue a study on the Grade 9-12 basis as soon as the new legislation is passed.

TRANSPORTATION:

The transportation of the pupils is being very efficiently handled by Mr. Leonard Hunt with two school buses, Mr. Edward Bragg, Mr. Charles Currier and Mrs. Laura Heath with station wagons and a Volkswagen "Carryall."

I feel we are very fortunate in having transporters that are so dedicated to their job, and so interested in the safety of the children.

SCHOOL LUNCH PROGRAM:

Mrs. Marion Wing as Supervisor, and Mrs. Ann Hutchins as assistant, continue to operate one of the outstanding lunch programs in the state. With almost a 100% participation in the program the lunch time becomes an integral part of the overall educational development of the pupils.

CONCLUSION:

Again it is my pleasure to express my appreciation to the School Board and teaching staff for their cooperation and sincere devotion to their responsibilities to the children, parents and citizens of the Holderness School District.

At this time I also wish to express my appreciation to the Selectmen, Chief of Police, and personnel of the Highway Department for their continued help and cooperation.

Respectfully submitted,
MARTIN E. HEFFERNAN,
Superintendent of Schools

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents and Citizens of Holderness:

I herewith submit my Ninth Annual Report as Principal of the Holderness Central School.

The school year started in September with a large enrollment. Mrs. Arold is teaching in the First Grade, Mrs. Garland has a combination Second and Third Grade and Mrs. Uhlman a Third and Fourth Grade. The upper four grades are under a departmental system where Mr. Bailey teaches Math and Science and Physical Education. Mrs. Corbett teaches English, Language and Reading. Mr. McGlone teaches Social Studies and is also Principal.

During the Christmas Season the Holderness Boys School sponsored a Christmas Party for the children. A sum of money was contributed by them at this time. Through the Educational Defense Act this money was matched by government funds and a Portable TV Stand and a Stand for the 16 MM Projector was added to the School Equipment.

Through the efforts of Mr. Bailey, the School Basketball Team now has a very active schedule with the surrounding towns. Mrs. Corbett has also been active in building up the school library.

The Holderness P. T. A. has helped the school in several areas during the past year. They contributed a sum of money to the boys basketball uniform fund and are also in the process of purchasing some protective mats for the Auditorium. They sponsored a school trip to Cannon Mountain last June. In the month of December they were responsible for a very successful Christmas Fair. Their help has been deeply appreciated.

Thanks to the interest of several parents, the school skating rink has been cleared of snow after each storm. The Holderness Fire Department has also been very helpful in flooding the rink.

I would like to express my appreciation to the School Board, Mr. Heffernan, the Staff, and to the people of Holderness for the fine cooperation received during the past year.

Respectfully submitted,

ROBERT E. McGLONE,

Principal

REPORT OF SCHOOL NURSE

Holderness Central School

Seeing I have been with you only since September 1962, this report will be brief.

September 1962 through December 1962:

Assisted physician with physical exams on pupils in grades 1-3-5-7. 70 were done. Notices were sent out on defects found.

All first grade pupils were checked for their small-pox vaccination; at this time two pupils had not been vaccinated, but have now been done.

Heights, Weights, and hair and scalp inspection done of all pupils.

Hearing tests done on pupils in grades 1-3-5-7 and those who did not pass the test the previous year.

Vision test was done on each pupil this year as before and notices sent to those parents whose children did not pass the school vision test.

Much record work has to be done by the school nurse for each child. This is also time consuming.

The vitamin program got under way in December. Notices were sent out to find out which pupils would be having same. It is almost a 100% program. There are very few who do not take the vitamin.

First Aid closet is kept supplied by your nurse.

Home calls made in the interest of the pupils when necessary.

When necessary children are sent home.

Many telephone calls are made to parents concerning their children.

First Aid done when necessary by nurse when on duty.

Conferences with teachers, principal, doctors, and guidance clinic concerning pupils when necessary.

I am at Holderness Central School on Tuesdays each week, if any parent would like to see me concerning the health of their child. I will be very glad to see them if they will call or send a note that they would like to confer with me.

This is not a full report of what your nurse does, as she has been with you only since September.
